PARTIES

The Sovereign in right of New Zealand acting by and through the Chief Executive of the Ministry of Housing and Urban Development (*HUD*)

[Insert full legal name of Provider, description and NZBN] (*Provider*)

(each a *party* and together, the *parties*)

BACKGROUND

This section summarises the reasons for this Agreement and “sets the scene”.

- A. Stable housing offers a place from which individuals, families, and communities grow. It is crucial to ensuring physical and psychological well-being, and central to social harmony and the achievement of positive education, health and labour market outcomes.
- B. In 2018, HUD and MSD were each appointed under section 101(a) of the *Public and Community Housing Management Act 1992* as the agency to provide assistance and advice to people on matters relating to housing or services related to housing. MSD was also appointed under section 101(b) of that Act as the agency to manage applications for public housing, and HUD was also appointed under section 159(1) as the Regulatory Authority.
- C. HUD wishes to work with the Provider, utilising a relationship-based, strategic partnering approach, to provide tenancies and associated services for its clients in need of housing. As historically Māori have been disproportionately and negatively impacted by the housing system, it is important to HUD that the relationship incorporates kaupapa Māori approaches through Te Maihi o te Whare Māori – the Māori and Iwi Housing Innovation (MAIHI) Framework for Action, which aims to drive the changes needed to improve the housing system for Māori and all New Zealanders.
- D. The Provider is an owner of quality and appropriate housing, or an expert in the delivery of quality, appropriate and stable housing and/or housing services, in New Zealand and wishes to provide such housing and/or housing services for housing clients to HUD, in accordance with the principles set out in clause 3.2 of this Agreement.
- E. This formal written Agreement is a tailored agreement (as that term is defined in the PCHM Act, where the Provider is registered by the Regulatory Authority under the PCHM Act) and is necessary in order to be clear about expectations, conditions and obligations. The parties see this Agreement as the founding document of what they hope will be a long term relationship, in which they will both act reasonably and in the best interests of the broader housing outcomes. Individual transaction-based Services Agreements will be entered into by the parties from time to time. A Services Agreement will prevail over this Agreement to the extent of any conflict between the provisions of this Agreement and a Services Agreement.

- F. In connection with the appointments referred to in paragraph B above, this Agreement and certain Services Agreements recognise that HUD will procure that MSD undertakes certain specified actions as set out in this Agreement and any relevant Services Agreement. HUD has, or will, agree arrangements with MSD to effect the procurement of such specified actions.

- G. This Agreement contains the following specific parts:

PART B – PARTIES AND TERM

This Part describes the relationship between the parties and how generally they will work together, how this Agreement works with different sets of Services Agreements from time to time and what the contractual term is.

3 PROVIDER AND HUD**3.1 Mutual obligations**

HUD and the Provider each agree:

- (a) that they wish to build a strong, strategic-partnering relationship with each other in accordance with the principles set out in clause 3.2 to help meet the goal of making sure that those who need housing get the assistance that they need;
- (b) to act reasonably at all times and to consult as early as practicable about anything that may materially affect its performance under this Agreement or about any possible or actual breach of this Agreement.

3.2 Principles

HUD and the Provider each agree to and acknowledge:

- (a) that our relationship, and our respective relationships with Housing Clients in the delivery of Housing and Housing Services will incorporate the MAIHI principles in the following ways:

MAIHI principles	Principles applied to relationships
<i>Mauri</i> Enabling the life force, an essence for revival and fulfilment to be sustained in wellbeing	We prioritise a whānau-centred approach that places whānau at the heart of our actions, services and programmes. Working together for this common goal means we can achieve more housing aspirations and outcomes for New Zealand than if we act alone.
<i>Tikanga</i> Doing things right, being in the right place at the right time	Tikanga provides a platform and approach for the way we agree to work together. It embraces the spirit of co-operation, respectful and honest behaviour and a 'no surprises' approach that preserves and strengthens the integrity of our relationship. It also means that we agree to <i>not do anything</i> that would cause the other party to breach applicable Laws.
<i>Whanaungatanga</i> Delivering services through a whakapapa lens	We recognise the importance of whānau, kinship ties, intergenerational connections and enduring relationships that lead to the provision of practical support. Together we will support this foundation that enables whānau to flourish, grow and experience love, support and protection.

<p><i>Manaakitanga</i> Key mechanisms of engaging and building relationships</p>	<p>We aim to build high-trust and strategic partnerships so that whānau aspirations are enhanced and they can live in a safe, secure, warm and comfortable home. This approach is built on demonstrating respect, generosity and caring for others.</p>
<p><i>Whakamana</i> Empowering whānau Intergenerationally</p>	<p>We will actively seek to include the experience and voices of whānau in the design and delivery of programmes and services. Our collaborative efforts will be anchored in positive impacts and outcomes for whānau that restores and enhances their mana.</p>
<p><i>Tino Rangatiratanga</i> Self determination of self-sufficiency through creating your own sense of belonging.</p>	<p>We agree to work together to ensure that whānau are in the 'driver's seat' and supported to determine their future housing aspirations and how their needs are met, in a way that makes sense for them.</p>

- (b) the importance of the following principles:
- (i) the welfare and safety of our clients and the welfare of communities is at the centre of what we do;
 - (ii) housing must be of the right size and configuration, and in areas of need;
 - (iii) quality is essential, and innovation and sustainability are highly valued; and
 - (iv) together, we must support the growth of a fair, efficient and effective community housing sector;

3.3 Relationship between HUD and the Regulatory Authority

This clause 3.3 applies if the Provider is registered by the Regulatory Authority under the PCHM Act.

- (a) The parties acknowledge and agree that:
- (i) the Regulatory Authority registers certain providers of Housing and/or Housing Services under the PCHM Act and also regulates such providers, in order to ensure that tenants are appropriately housed, and to support the growth of a fair, efficient and transparent community housing sector;
 - (ii) as at the Commencement Date of this Agreement the functions of the Regulatory Authority are carried out by a separate business unit of HUD to the business unit that administers this Agreement and associated Services Agreements; and
 - (iii) while the Regulatory Authority is a business unit of HUD, references to "HUD" in this clause 3.3 and clauses 9.3 and 14.2 shall, as relevant, be read as referring to the business unit within HUD that administers this Agreement and associated Services Agreements.

- (b) The parties further acknowledge and agree that:
- (i) this Agreement and each relevant Services Agreement are based on, and rely upon, the Regulatory Authority's role as described in clause 3.3(i), and the relationship between HUD and the Regulatory Authority as at the Commencement Date of this Agreement;
 - (ii) as a consequence of clause 3.3(b)(i), this Agreement and each relevant Services Agreement omit certain provisions relating to the provision of information by the Provider which would otherwise have been included in this Agreement and each relevant Services Agreement as obligations on the Provider as a provider of Housing and/or Housing Services; and
 - (iii) as at the Commencement Date of this Agreement, HUD and the Regulatory Authority have agreed to certain information sharing between the Regulatory Authority and HUD in relation to providers of Housing and/or Housing Services who are registered under the PCHM Act, to improve outcomes for tenants and to provide for compliance efficiencies for providers registered under the PCHM Act.
- (c) In connection with clause 3.3(b), the Provider (if it is registered by the Regulatory Authority under the PCHM Act) authorises HUD to liaise with the Regulatory Authority and consents to HUD receiving certain information about the Provider as agreed between the Regulatory Authority and HUD (and also consents to HUD relying on such information) directly from the Regulatory Authority. The Provider agrees that HUD may provide the Regulatory Authority with a copy of this consent if required by the Regulatory Authority.
- (d) If and to the extent HUD and the Regulatory Authority propose to change the nature or extent of the information provided by the Regulatory Authority to HUD (as agreed by the Regulatory Authority and HUD as at the Commencement Date) during the Term, HUD will notify this to the Provider (if it is registered by the Regulatory Authority under the PCHM Act).
- (e) If and to the extent the existing relationship between HUD and the Regulatory Authority ceases to exist or materially changes during the Term, then each party agrees that it will, upon written request from the other party, meet within 10 Business Days of a written request to discuss and agree changes to this Agreement and any Services Agreement that are necessary to ensure that HUD continues to receive adequate and sufficient information from the Provider in relation to Housing and Housing Services that it is providing for HUD.

3.4 Relationship Management Group

The parties intend that the Relationship Management Group referred to in clause 7 will be the primary mechanism by which all relevant matters relating to this Agreement and each Services Agreement will be progressed, managed and addressed, and that they intend to invoke the formal contractual mechanisms set

out in this Agreement only where the Relationship Management Group has been unable to resolve a matter.

3.5 Relationship and authority

- (a) The Provider is an independent contractor to HUD. Nothing in this Agreement or in any Services Agreement (including, for the avoidance of doubt, the strategic-partnering approach referred to in this Agreement and any Services Agreement, and clause 3.1(a)) creates any agency, employment, fiduciary, partnership, trust, or joint venture relationship between HUD and the Provider.
- (b) Neither HUD nor the Provider has authority to enter into contracts or incur debts on behalf of the other, and must not represent that it has any such authority.

3.6 Relationship between this Agreement, Services Agreements and the Operational Guidelines

- (a) This Agreement sets out the core terms applicable to HUD's and the Provider's contracting arrangements for the provision of Housing and/or Housing Services. It continues in force until terminated in accordance with its terms.
- (b) The terms of this Agreement apply to all Services provided to HUD pursuant to each Services Agreement that the Provider and HUD enter into on and from the Commencement Date.
- (c) A Services Agreement must be signed by both the Provider and HUD in respect of each particular set of Services that the Provider is to provide to HUD, and each Services Agreement is a distinct contract (and a tailored agreement as defined in the PCHM Act where the Provider is registered by the Regulatory Authority under the PCHM Act).
- (d) From time to time HUD may also publish Operational Guidelines and other guidance to assist the Provider in providing Housing and/or Housing Services under a Services Agreement. In respect of the Services under each Services Agreement, the Provider is to comply with the relevant provisions of the Operational Guidelines and observe any other relevant guidance, but if there is any conflict between the terms of the Operational Guidelines or other guidance HUD provides and the terms of this Agreement and/or any Services Agreement, the terms of the Agreement and/or the Services Agreement will prevail. The Operational Guidelines and other guidance may be replaced or updated from time to time by HUD following discussion with the Provider so long as such replacement or update:
 - (i) does not add material extra cost or risk to the Provider (having regard to the Provider and the relevant circumstances); and
 - (ii) does not result in a material difference to the scope of the Operational Guidelines and other guidance as at the Commencement Date of this Agreement.

3.7 Precedence of Contract Documents

- (a) If there is any conflict between the terms of this Agreement and any Services Agreement, the terms of the Services Agreement will prevail, because the parties agree it is important that flexibility be preserved to enable the needs of any particular Housing or Housing Services supply or transaction to be met.
- (b) The Contract Documents will otherwise have the order of precedence set out in the relevant Services Agreement.

3.8 Co-ordination and co-operation

The parties acknowledge that:

- (a) if the Provider is registered under the PCHM Act, it has an ongoing relationship with the Regulatory Authority; and
- (b) a range of different organisations and people are involved in the provision of goods and services in relation to the Properties and Housing Clients. Each party is to coordinate and cooperate with such other organisations and people in a positive and timely manner, including by abiding by and entering into any necessary coordination or interface agreements.

3.9 Provider registration and consents

The Provider is to:

- (a) ensure that it maintains at all times such registration with the Regulatory Authority, under the PCHM Act, as is specified in any Services Agreement or is otherwise required under the PCHM Act;
- (b) ensure it holds such MSD social sector accreditations as are specified in any Services Agreement; and
- (c) hold and comply with all Consents required in relation to the Services.

3.10 Employees, agents, contractors and sub-contractors

- (a) If the Provider is registered under the PCHM Act, it may enter into a sub-contract in respect of any part of the Services.
- (b) If the Provider is not registered under the PCHM Act, then it may enter into a sub-contract in respect of any part of the Services, provided that:
 - (i) if and to the extent the sub-contractor is a Major Sub-contractor, the Major Sub-contractor is first approved by HUD (provided that such approval may not be unreasonably withheld or delayed); and
 - (ii) if and to the extent the sub-contractor is to perform any tenancy management-related or support Services, the sub-contractor is first approved by HUD (provided that such approval may not be unreasonably withheld or delayed).

- (c) HUD will be responsible for any HUD Personnel. The Provider will be responsible for the acts and omissions of its own personnel, including its officers, employees, agents, contractors and sub-contractors.
- (d) Notwithstanding clauses 3.10(a) and 3.10(b), the Provider is not relieved of any of its obligations and liabilities under this Agreement and/or any Services Agreements as a result of any subcontracting of its obligations and liabilities and remains primarily responsible for all actions of any sub-contractor (including any Major Sub-contractor) in connection with the performance of the Provider's obligations under this Agreement and/or any Services Agreements.
- (e) Each of HUD and the Provider will be taken to have at least the same knowledge as the HUD Personnel (for HUD) or the Provider's personnel (including its officers, employees, agents, contractors and sub-contractors) (for the Provider), or that which ought reasonably to be held by any of them.

3.11 Warranties

- (a) Each of the parties has entered into this Agreement and each Services Agreement in reliance on the warranties and representations made by the other party in this clause 3.11.
- (b) Each party warrants and represents to the other party throughout the Term that:

 - (i) its own performance monitoring of the Provider, including to ensure that the Services are being provided in accordance with this Agreement and the relevant Services Agreement; and
 - (ii) increased performance monitoring of the Provider if it considers that Data provided by the Provider pursuant to a Services Agreement has not evidenced improvement to a satisfactory level, having regard to other relevant Housing and Housing Services providers (and the Provider will be required to meet HUD's reasonable costs of any increased monitoring if requested by HUD),

HUD may make its own arrangements for alternative means of providing any Service that has been suspended as a result of a Force Majeure Event, and in any such case HUD's Step-in Rights will be available. HUD may terminate the relevant Services Agreement under clause 22.4 in relation to any extended Force Majeure Event.

11.4 Disputes

The parties are to ensure they first seek to resolve any Dispute between them about a Force Majeure Event through the Relationship Management Group. Failing resolution of any Dispute about a Force Majeure Event through the Relationship

HUD will only pay the Provider a compensation amount for a change of costs in respect of a change to this Agreement or any Services Agreement effected under this clause 12. In determining the amount of compensation payable, the following change compensation principles will apply:

- (a) appropriate regard must be had to the timing of cash flows;
- (b) the Provider is to do what it reasonably can to mitigate the effect of the change, including through obtaining competitive quotations where relevant;
- (c) there can be no double-counting; and
- (d) the compensation calculation must take full account of any insurance proceeds, damages and other amounts paid and/or confirmed as payable to the Provider or that would have been paid or payable to the Provider:
 - (i) if the Provider had properly made a claim under an insurance policy; or
 - (ii) if it had insured, as required under the relevant Services Agreement, and actually and properly made a claim.

12.3 Changing this Agreement and any Services Agreement generally

- (a) Other than a change to this Agreement or any Services Agreement resulting from a change in Law which is dealt with under clause 12.4, each of HUD and the Provider may, acting reasonably, propose a change to this Agreement or any Services Agreement (including to give effect to a HUD direction under clause 6.1(h) which results in additional cost or additional risk) by giving notice to the other containing details of the proposed change (a *Change Proposal*). A Change Proposal must include:
 - (i) the reasons for the proposed change, including a brief explanation of the costs and benefits to the parties;
 - (ii) the feasibility of the change, and how and when it could be implemented or completed (as applicable);
 - (iii) the impact of the change on the Services, timeframes, the terms of this Agreement or the Services Agreement and HUD or the Provider's (as applicable) ability to perform under it;

- (x) any other matter likely to be relevant,

and must also attach a draft amendment document recording the relevant change proposed to this Agreement and/or the Services Agreement.

- (b) The Provider must not seek reimbursement of costs for any matter to the extent already covered by this Agreement or the Services Agreement, or to the extent it results from the Provider's own act or omission.
- (c) The parties will act fairly and reasonably when formulating and/or assessing (as applicable) a Change Proposal, and shall have regard to reasonably expected financial and operational implications for the parties, the principles set out in clause 3.2, the terms agreed on in entering into this Agreement, what has triggered the perceived need for the change, and what increased economic benefit or burden results to either party.
- (d) The Provider may refuse a Change Proposal initiated by HUD only where that change would (if implemented):
 - (i) cause the Provider to incur any additional capital or operational expenditure, unless HUD has agreed to fund such additional capital or operational expenditure; or
 - (ii) result in the Provider having insufficient personnel and other resources available to it to effect the relevant change within the required timeframe; or
 - (iii) require the Services to be performed by the Provider in a way that infringes any Law; or
 - (iv) cause the Provider to be in breach of another term of this Agreement or any Contract Document; or
 - (v) cause the Provider to breach any of its constitutional documents; or
 - (vi) be inconsistent with Good Industry Practice; or
 - (vii) cause any Consent to be revoked; or
 - (viii) materially and adversely affect the health and safety of anyone living in or working on the Properties; or

- (ix) cause the Provider to lose its registration under the PCHM Act (if applicable); or
 - (x) cause any existing insurance policy or contract for insurance that is required to be procured, held and maintained by the Provider under this Agreement and any Services Agreement to become void or voidable.
- (e) HUD may refuse any Change Proposal initiated by the Provider other than a Change Proposal:
- (i) that is the result of a HUD direction under clause 6.1(h); or
 - (ii) where HUD's refusal of that Change Proposal would directly result in one of the situations or circumstances in clause 12.3(d)(i) to 12.3(d)(x) occurring,

and shall be entitled to withdraw any HUD-initiated Change Proposal before it is confirmed by the signing of documentation in accordance with clause 12.5.

- (f) Acceptance or refusal by a party of the other party's Change Proposal must occur within 10 Business Days of the Change Proposal being notified to that party (unless the parties agree otherwise in respect of a particular Change Proposal). The documentation required under clause 12.5 may follow outside of this 10 Business Day period (or such longer period as may have been agreed by the parties).
- (g) Any Dispute as to the process to be followed under this clause 12 or as to the meaning of the situations or circumstances described in clause 12.3(d)(i) to 12.3(d)(x) will first be referred to the Relationship Management Group for resolution, and, failing resolution by the Relationship Management Group, be dealt with under clauses 26.2 and 26.3, and if that does not resolve the matter, either party may refer the Dispute to Expert Determination for resolution.

12.4 Change in Laws

- (a) The Provider is to comply with this Agreement and each Services Agreement even if relevant Laws change from their actual or reasonably foreseeable state as at the date of this Agreement or the relevant Services Agreement (for example, because change has been foreshadowed or announced). However, some financial relief may be available under clause 12.4(d)(i) where the change in Laws expressly and exclusively applies to the Properties, to housing providers providing Housing and Housing Services to HUD or to community housing providers registered under the PCHM Act (if applicable) (*Qualifying Change in Law*).
- (b) The Provider and HUD may each notify the other of an actual or impending Qualifying Change in Law, explaining the likely effects of the Qualifying Change in Law on the operation of this Agreement and any Services Agreement, as soon as practicable (and ideally before it comes into force). This notice must give details of:

- (i) the resulting necessary change to the Services and the steps that the Provider will need to take as a result of that Qualifying Change in Law being implemented;
 - (ii) any increase or decrease in the Provider's costs in complying with this Agreement or any Services Agreement as a result of the Qualifying Change in Law; and
 - (iii) any changes required to this Agreement or any Services Agreement, and must also attach a draft amendment document recording the changes required to this Agreement or any Services Agreement.
- (c) The parties are to meet promptly to discuss and agree the likely effect (including financial consequences) of the Qualifying Change in Law and how the Provider can minimise or mitigate its effects.
- (d) Within 10 Business Days of that meeting (or such longer period as may be reasonably required), HUD is to either:
- (i) accept the Provider's notice of change (or agree a variation of it), including in respect of any compensation payable for a change of costs as a result of the Qualifying Change in Law; or
 - (ii) amend this Agreement or any Services Agreement as far as necessary to avoid or mitigate the consequences of the Qualifying Change in Law; or
 - (iii) notify the Provider that it disputes the Provider's notice of change, and any Dispute in relation to the above will first be dealt with by the Relationship Management Group. Failing resolution through the Relationship Management Group, the Dispute may be dealt with under clauses 26.2 and 26.3 (and if that does not resolve it, either party may refer it to Expert Determination).

12.5 Documentation

- (a) The parties will document any agreed change to this Agreement pursuant to this clause 12 by execution of an applicable variation agreement setting out the terms on which the change is to be implemented.
- (b) Pending execution of the variation agreement referred to in clause 12.5(a) and subject to clause 12.3(d), the Provider is to, if directed by HUD, implement a HUD-initiated Change Proposal on the basis set out in such Change Proposal.

PART D – PAYMENT

This Part describes how the Provider is paid, how invoicing is to be done and how HUD may register an encumbrance or land covenant in gross pursuant to a Services Agreement.

13 SERVICES AGREEMENT PAYMENT**13.1 Obligation to pay**

- (a) In each Payment Period, HUD is to pay the Provider each Services Agreement Payment in accordance with the relevant Services Agreement.
- (b) A negative amount may be due, in which case this amount will then be owing to HUD by the Provider.

13.2 Reporting and invoicing

- (a) Reporting for the purposes of payment calculations, and invoicing, will be as specified in the relevant Services Agreement. All invoices must be tax invoices in a form approved by HUD and be for the amount (if any) calculated to be payable by HUD, plus GST (if any).
- (b) HUD may reject as invalid a report or invoice that is incomplete, incorrect or fails to meet the requirements of the Services Agreement.

13.3 Payment

- (a) HUD will only pay (or procure payment to) the Provider once HUD has received a valid tax invoice from the Provider and the required reports for the Payment Period to which that invoice relates.
- (b) HUD will pay or procure payment of the amount stated in any valid tax invoice within five Business Days of receiving it, unless HUD disputes it.
- (c) HUD will make payments (or procure payments are made) direct to the Provider's nominated bank account in New Zealand, for which the Provider must have provided a pre-printed deposit slip or other official bank confirmation.
- (d) The mere fact of payment by or on behalf of HUD does not mean HUD accepts that the Provider has performed in that Payment Period, nor does it show any waiver of HUD's rights.
- (e) If a report shows a net amount owed by the Provider to HUD, the Provider will pay that amount to HUD within 10 Business Days following HUD issuing the Provider an invoice for the amount set out in that report.
- (f) All late payments under this Agreement or any Services Agreement will bear interest at the Prescribed Rate from the due date for payment until the date of actual payment in full.
- (g) All payments under this Agreement or any Services Agreement are to be invoiced and paid in New Zealand dollars.

13.4 Unintended invoice errors

If it is found at any time that an invoice issued to a party pursuant to this Agreement and any Services Agreement contains any unintended and/or unintentional error and a party has been overcharged or undercharged, then the party who has identified such incorrect invoice will notify the other party. The next invoice submitted by the party who provided the invoice containing such errors to the other party is to take account of, and make an adjustment for, the relevant amount overcharged or undercharged in the relevant invoice. Any Dispute in relation to the errors will be referred to the Relationship Management Group. Failing resolution through the Relationship Management Group, clauses 26.2 and 26.3 will apply (and failing resolution, either party may refer the Dispute to Expert Determination).

13.5 Disputed Amounts

- (a) Each party may dispute and withhold payment of any amount invoiced by the other party under this Agreement or any Services Agreement if it considers it not to be due and payable as invoiced (a *Disputed Amount*), pending agreement or determination in relation to that Disputed Amount. Otherwise, each party must pay any amount invoiced (including any undisputed portion of an invoice) by the other party on or before the date payment is due.
- (b) Each party will notify the other through the Relationship Management Group of any Disputed Amount within five Business Days of receipt by it of the relevant invoice, giving particulars of the Disputed Amount and any supporting evidence.
- (c) The other party is to respond to the notice of a Disputed Amount through the Relationship Management Group within a further five Business Days. If the other party does not so respond, or agrees the Disputed Amount is not due and payable, the disputing party will not be required to pay the Disputed Amount.
- (d) If a party disputes the other party's notice of a Disputed Amount, the matter will first be resolved by the Relationship Management Group, and failing such resolution, will be resolved under clauses 26.2 and 26.3 as a Dispute (and if that does not resolve it, it will be subject to Expert Determination).
- (e) If it is agreed or determined that:
 - (i) a party has withheld an amount that the other party was entitled to be paid; or
 - (ii) a party has claimed and has been paid an amount that it was not entitled to be paid,the withheld amount or refund due must be paid, plus interest at the Prescribed Rate from the due date for payment or the date on which the refund was claimed, to the date of actual payment in full.
- (f) Each party is to continue to comply with this Agreement even if the other party has disputed an amount invoiced.

- (a) If the Provider does not provide the Services as required, or if this Agreement or the relevant Services Agreement is terminated and any payment has been made by HUD in advance of the relevant Services being provided, HUD may:
 - (i) require the Provider to:
 - (A) repay a portion of the amount already paid to the Provider; or
 - (B) reduce the amount to be paid in respect of subsequent Payment Periods; or
 - (ii) suspend or delay future payments due until a remedy plan is agreed and implemented.
- (b) Any amount to be so repaid, reduced, suspended or delayed will be reasonably determined by HUD following discussion with the Provider (by way of the Relationship Management Group) and will be proportionate in the circumstances having regard to the seriousness and/or pervasiveness of the non-performance (and shall be, in respect of each Property, limited to an amount no greater than the Services Agreement Payment payable in respect of such Property for the period for which the reduction or deduction is applicable).
- (c) Any repayment due from the Provider is to be paid within 10 Business Days of the date of HUD's notice to do so.

by an amount equal to any deductible input tax credit or any deduction from output tax available to the person in respect of that Relevant Expense.

13.8 Acknowledgement in respect of Services

The Provider acknowledges that the entirety of each Services Agreement Payment is consideration for the Provider providing the Services and making the Properties available for use by Housing Clients in accordance with this Agreement and the relevant Services Agreement. It is not consideration for the supply of any other services by the Provider. Unless expressly provided for in any Services Agreement, no payment will be made by or on behalf of HUD to the Provider in respect of the Provider's supply of any other services.

13.9 Encumbrance or land covenant in gross

- (a) To protect HUD's interests under this Agreement and any relevant Services Agreement which specifically provides for an encumbrance and/or land covenant in gross, the Provider agrees to HUD being entitled to register such encumbrance and/or land covenant in gross as specified in the Services Agreement and having, where relevant, such priority as may also be specified (subject to the terms of any applicable Financier Direct Deed). Neither party acquires any rights or interest in that pre-existing Intellectual Property or Intellectual Property Material of the other by virtue of this Agreement and/or any Services Agreement.

16.2 Developed Intellectual Property

HUD will own all Intellectual Property and Intellectual Property Material developed by it from its Intellectual Property and/or Intellectual Property Material referred to in clause 16.1. The Provider will own all other Intellectual Property and Intellectual Property Material developed as part of, or for the purposes of, the Services, this Agreement or a Services Agreement.

16.4 Provider licence

- (a) The Provider grants to HUD, and to all other governmental entities or agencies with an interest in housing, a non-exclusive, transferable, irrevocable, royalty-free licence (including the right to grant sub-licences), for the Term, to use and develop the Provider's Intellectual Property and Intellectual Property Material developed through performance of this Agreement and/or any Services Agreement in order to obtain the full benefit of the Services.
- (b) The Provider will not limit the licence in clause 16.4(a) through any contract or arrangement entered into with another third party (subject to the licence terms of any off-the-shelf third party software).

16.5 No warranty

Neither HUD nor the Provider gives any warranty to the other as to the suitability for the other’s purposes of any Intellectual Property or Intellectual Property Material licensed under this clause 16. Neither party may in any way prejudice ownership by the other party of the other party’s Intellectual Property or Intellectual Property Material.

17.2 Release of Indemnified Parties

HUD and HUD Personnel will have no responsibility or liability to the Provider or any of its related companies or related entities (or any of its or their officers, employees, contractors, sub-contractors or agents) in connection with any Claims, Losses or Liabilities arising from the Provider's or any of its related companies' or related entities' (or any of its or their officers, employees', contractors', sub-contractor' or agents') use or occupation of any Property, and to the extent permitted by law and subject to clause 17.3 the Provider absolutely releases each of them from any such liability.

except to the extent that such act or omission under clause 17.3(b) or 17.3(c) was caused or contributed to by any act or omission of the Provider.

17.4 Privity

Clause 17 is (for the purposes of the *Contract and Commercial Law Act 2017*) intended to confer benefits in favour of, and be enforceable by, all relevant HUD Personnel.

17.5 Duty to mitigate

Where any Claims, Losses or Liabilities are suffered by an Indemnified Party and give rise to an obligation on the Provider to indemnify under clause 17.1, the Indemnified Party shall do everything it can reasonably do within its power to avoid or mitigate the effect of the Claim, Loss or Liability.

17.6 Conduct of third party indemnity claims

- (a) Where HUD or any HUD Personnel wish to make a claim against the Provider under this Agreement or any Services Agreement in relation to a claim made against it or them (as the case may be) by a third party (a *Third Party Claim*), HUD shall (and shall ensure that any such HUD Personnel shall) give notice of that Third Party Claim to the Provider as soon as reasonably practicable setting out in reasonable detail, particulars of the same.
- (b) Subject to clause 17.6(c), HUD will not, and will use its best endeavours to ensure that no HUD Personnel will, settle or compromise any Third Party Claim made against the relevant person without the prior written consent of the Provider, provided that the Provider complies with its obligations under clause 17.7(a).

- (c) If HUD or any HUD Personnel (or a party acting on their behalf) elect to settle or compromise any Third Party Claim made against the relevant person without the prior written consent of the Provider, the Provider's liability to HUD or any HUD Personnel under such Third Party Claim shall be restricted to the lesser of:
 - (i) the amount agreed between the parties to represent the most reasonably expected amount that could have been recovered at Law in respect of such Third Party Claim (if any), taking into account all defences, limitations and exclusions of liability available (provided that if the parties cannot agree on such an amount within 30 Business Days of commencing discussions, either party may require that it is determined in accordance with the dispute resolution process set out in Part J); and
 - (ii) the actual amount of the settlement or compromise.

17.7 Provider's undertakings

The Provider undertakes that:

- (a) it shall not (and shall procure any sub-contractors shall not), without the prior written consent of HUD, settle or compromise any claim to which HUD is, or is likely to become, a party;
- (b) it shall ensure that, where requested by HUD, its sub-contractors give undertakings identical to those given by the Provider to HUD under this clause 17.7; and
- (c) where the Provider (and/or the Provider's insurers) elect to instruct a solicitor to investigate or defend any Third Party Claim against the Provider and, in the Provider's reasonable opinion, HUD is likely to become materially involved in that claim, the Provider will use all reasonable endeavours to procure that the insurers agree to waive client privilege to any information or documents supplied to the solicitor to the extent necessary to enable such information or documents to be provided to HUD on request.

18 HUD'S REMEDIES FOR PROVIDER BREACH

HUD's remedies in respect of any Provider breach of this Agreement or any Services Agreement are any one or combination of the following (at HUD's election, but subject to clause 20):

- (b) If the Provider is required by any Services Agreement to hold insurance, it will not bring any Claim against HUD or any HUD Personnel to the extent that the Provider recovers (or would have been able to recover had it held such insurance or properly claimed under such insurance) the relevant Losses under such insurance. If the Provider fails to hold, maintain, or voids, any such required insurance, then it will have no Claim at all to the extent that the insurance would reasonably be expected to have responded to such claim. HUD acknowledges that occasions may arise where it may not be possible or financially or reasonably practicable for the Provider to obtain certain types of insurance, and the Services Agreement may reflect this accordingly.

20 NO DOUBLE COUNTING

Notwithstanding any other provision of this Agreement and any Services Agreement, neither party is entitled to recover compensation or make a Claim under this Agreement or any Services Agreement in respect of any Loss that it has incurred to the extent it has already been compensated in respect of that Loss under this Agreement, any Services Agreement, or other Contract Document.

PART G – STEP-IN

This Part describes how HUD can “step-in” to perform the Services, instead of the Provider, if it needs to.

21 STEP-IN RIGHTS

HUD will have, as a discretionary remedy without prejudice to its other rights, remedies and powers, such Step-in Rights, if any, as may be specified in a Services Agreement. HUD will only exercise its Step-in Rights where it reasonably considers it needs to take action in connection with any of the Properties or Services in serious circumstances as described in the Services Agreement. PART H – TERMINATION

This Part sets out when and how this Agreement and any Services Agreement can be terminated.

22 TERMINATION EVENTS

22.1 Termination of this Agreement

Notwithstanding any other provision of this Agreement or a Services Agreement, this Agreement cannot be terminated for so long as any Services Agreement remains in force (unless all Services Agreements are also terminated on the same effective date).

22.2 Termination for Convenience

Subject to clause 22.1, either party may at any time terminate this Agreement or any Services Agreement, for convenience, without needing a specific reason, unless the Services Agreement expressly negates the right to do so. To do so, the party terminating must give the other at least 70 Business Days' notice of termination (unless a different period is specified in a Services Agreement). Following termination on this basis:

- (a) the Provider will continue to provide the Services until the end of the notice period;
- (b) HUD will continue to pay for the Services as provided for in the Services Agreement until the end of the notice period; and
- (c) clause 25.2 of this Agreement will apply, where relevant.

The Services Agreement may contain further provisions specific to termination.

22.3 Termination on Provider default

Without limiting any of its other rights or remedies but subject to clause 22.1, HUD may terminate this Agreement or any Services Agreement if the Provider defaults under this Agreement or any Services Agreement, provided such termination occurs in accordance with the following process:

- (a) At any time after any of the following events or circumstances, HUD may give a Termination Notice with immediate effect and without providing any opportunity for Provider remediation:
 - (i) the Provider being given notice from the Regulatory Authority specifying that the Regulatory Authority is revoking that Provider's registration under the PCHM Act (notwithstanding any appeal rights of the Provider to the District Court);
 - (ii) the Provider assigns this Agreement or a Services Agreement in breach of clause 28.2 or a Change of Ownership occurs without HUD's consent in breach of clause 29.1;
 - (iii) a Provider Insolvency Event; or

- (iv) the Provider or any of its officers, employees, contractors, sub-contractors or agents knowingly makes any materially false, misleading or incorrect statement in any report, notice or invoice to HUD (where such statement is made with the knowledge and/or authority of the governance body of the Provider).
- (b) In the following events or circumstances, HUD must first provide an opportunity for Provider remediation by giving the Provider notice (with a copy to the Regulatory Authority) specifying the default in reasonable detail and requiring it to be remedied following the process and timeframes set out in this clause 22.3:
 - (i) the Provider has not complied with its insurance obligations under this Agreement or a Services Agreement;
 - (ii) the Provider has materially breached a Contract Document (other than this Agreement or a Services Agreement);
 - (iii) any Material Adverse Effect resulting from a breach of any of the warranties set out in clause 3.11;
 - (iv) a Persistent Failure; or
 - (v) it becomes unlawful for the Provider to provide the Services (except to the extent that the ground for such unlawfulness is (or is eligible to be) the subject to a Change Proposal under clause 12 of this Agreement).

For the avoidance of doubt, references to "remedy" (or its other grammatical forms) in this clause 22.3 is intended to include, where applicable, preventing the recurrence of a default.

- (c) Following receipt of HUD's notice under clause 22.3(b), the Provider is to:
 - (i) within 15 Business Days, propose a rectification programme that is acceptable to HUD (acting reasonably), specifying:
 - (A) the timeframe within which the default will be remedied;
 - (B) a work plan for remedying the default within that timeframe; and
 - (C) any temporary measures being put in place to mitigate the effects of the default; and/or
 - (ii) remedy the default within:
 - (A) if the Provider has proposed a rectification programme that is acceptable to HUD pursuant to clause 22.3(c)(i), the timeframe specified in the rectification programme; or
 - (B) a timeframe reasonably acceptable to HUD.
- (d) During the implementation of such rectification programme, the Provider is to keep HUD advised of progress against the agreed timeframes. HUD may

agree to a reasonable variation of the relevant plan where circumstances beyond the Provider's reasonable control affect its implementation.

- (e) If, after following the process in clauses 22.2(c) and (d) above, the Provider still has not remedied the default specified in HUD's original notice, to HUD's satisfaction, then HUD may give the Provider a Termination Notice containing a Termination Date which is not less than 30 Business Days' from the date of the Termination Notice.

22.4 Prolonged Force Majeure Event

HUD may terminate the relevant Services Agreement in the event the Provider is unable to perform all or a material part of the Services due to a Force Majeure Event of six months' or more duration. HUD must give not less than 30 days' notice of termination to the Provider.

23 CONSEQUENCES OF TERMINATION

23.1 Calculation of Compensation Amount

- (a) If this Agreement or any Services Agreement is terminated under:
 - (i) clause 22.2, HUD will pay such compensation for early termination as may be specified in that Services Agreement. Any such compensation must be based on principles of fairness to both parties and take into account all relevant factors, including the risk of future non-performance by the Provider and, if applicable in the relevant circumstances, that the Provider has not breached the Services Agreement and has not acted negligently in performing its obligations under the Services Agreement; or
 - (ii) clauses 22.3 or 22.4, no compensation will be paid to the Provider, unless provided otherwise in the Services Agreement.
- (b) If any compensation is payable, it will be in full and final settlement of any and all Claims the Provider may have against HUD, but without affecting pre-existing or accrued rights or entitlements of HUD or the ability of the Provider to recover any amounts properly accrued or incurred prior to such termination to the extent such amounts have not been taken into account in determining the compensation specified in a Services Agreement.

23.2 Effect of Termination

Following HUD issuing the Provider with a Termination Notice:

- (a) the Provider will continue to provide the Services until the Termination Date;
- (b) HUD will continue to pay for the Services as provided for in the Services Agreement, until the Termination Date; and
- (c) clause 25.2 will apply.

- (b) Following receipt by HUD of the Disengagement Plan pursuant to clause 25.1(a), the parties shall meet to discuss to agree any Disengagement Services that the Provider is to supply during the Disengagement Period.
- (c) If and to the extent the Provider incurs any direct and unavoidable costs in providing any Disengagement Services agreed pursuant to clause 25.1(b):
 - (i) such costs will be to HUD's account in accordance with the relevant Services Agreement where the relevant Services Agreement has been terminated for convenience by HUD;
 - (ii) such costs will be to the Provider's account where the relevant Services Agreement has been terminated pursuant to clause 22.3 of this Agreement; and
 - (iii) the parties will agree, at the same time the relevant Disengagement Services are agreed pursuant to clause 25.1(b), which party or parties shall bear such costs (and the extent to which such costs shall be borne) where the Services Agreement is to expire.

25.3 HUD as attorney

- (a) The Provider irrevocably appoints HUD as the Provider's attorney and gives it full power and authority to carry out the Provider's obligations under this clause 25.
- (b) For the avoidance of doubt, the power of attorney contained in clause 25.3(a) does not allow for HUD to transfer the Properties to any person except to the extent that such transfer is permitted under, and effected in accordance with, a Contract Document.

PART J – DISPUTE RESOLUTION

This Part sets out how any disputes between HUD and the Provider will be resolved.

26 DISPUTES**26.1 Relationship Management Group**

Without limiting any other provision of this Agreement, the parties are to first seek to resolve any Disputes through the Relationship Management Group. If the Relationship Management Group fails to resolve any Dispute within a reasonable timeframe or in a manner which results in an outcome acceptable to a party (acting reasonably), the Dispute will be dealt with under the remaining provisions of this clause 26.

26.2 Notice of Dispute

If a Dispute continues to exist following the application of clause 26.1, then either party can provide a notice (a *Notice of Dispute*) to the other party, setting out in full the facts of the Dispute, the contractual context or other legal basis for it and what relief it seeks (if applicable). The fact of the Dispute does not relieve either party from its obligations under this Agreement or any Services Agreement, pending resolution of the Dispute.

26.3 Informal Dispute resolution

Once a Notice of Dispute has been given, each party is to first use its best efforts to resolve the dispute through good faith negotiations and informal dispute resolution techniques such as internal escalation within each party's organisation (including up to the chief executive level) or mediation.

26.4 Disputes between HUD and any Crown entity

Clauses 26.5 to 26.9 and clause 27 do not apply to any Dispute between HUD and any Crown entity or *Public Finance Act 1989* Schedule 4A company that provides Housing Services to HUD). Instead, if a Dispute between them cannot be resolved under clause 26.3, then it will be referred to their respective Ministers for resolution.

26.5 Arbitration

If:

- (a) the Dispute is not resolved under clause 26.3 within 15 Business Days from the date of the Notice of Dispute being given;
- (b) this Agreement does not require that the Dispute be subject to Expert Determination; and
- (c) the parties have not otherwise agreed to refer the Dispute to Expert Determination,

- (d) either party may notify the other that it wishes the Dispute to be referred to arbitration, in Wellington, by a named arbitrator and under the *Arbitration Act 1996*; and
- (e) if the parties then cannot agree on the arbitrator within five Business Days, the arbitrator will be chosen by the President of the New Zealand Law Society (or his or her nominee).

26.6 Qualifications of arbitrator

Any arbitrator must be suitably qualified to resolve the Dispute and independent of both parties.

26.7 Award

The arbitrator's award must include reasons and will be final and binding on the parties, although either of them may appeal to the High Court on any question of law arising out of the award.

26.8 Costs

Costs will be borne in the manner determined by the arbitrator, or, if no determination as to costs is made by the arbitrator, each party will bear its own costs and an equal share of the costs of the arbitration.

26.9 Referral to Expert Determination

If the Dispute is not resolved informally and this Agreement requires it will be subject to Expert Determination, either party may notify the other that it wishes to refer the Dispute to Expert Determination under clause 27.

26.10 No court proceedings

Except for an appeal on a point of law, neither party will bring court proceedings if there is a Dispute. However, a party may nevertheless seek urgent injunctive, declaratory or urgent interlocutory relief from the courts.

27 EXPERT DETERMINATION

- (a) If either HUD or the Provider wishes to refer a Dispute to Expert Determination under this clause 27, the parties are to first agree on an appropriate independent expert, but if they cannot within five Business Days, a party can request:
 - (i) the chief executive of an internationally recognised independent firm of chartered accountants (such firm to be nominated by the President of the New Zealand Law Society) or his or her nominee to appoint the independent expert if the Dispute is a financial Dispute; and
 - (ii) the President of the New Zealand Law Society to appoint the independent expert for all other Disputes.

That person will be requested to appoint an independent expert suitably qualified and experienced in relation to the subject matter of the Dispute and

who accepts the timeframes for determination set out in this Agreement (the *Independent Expert*).

- (b) Once the Independent Expert has been agreed or nominated, either party may within a further five Business Days refer the Dispute to the Independent Expert by providing notice to the other party and the Independent Expert.
- (c) The Independent Expert must make the determination (including reasons for it) based on the information made available by the parties and will notify the parties of that determination within 30 Business Days of the referral.
- (d) Either party may make a written submission to the Independent Expert. Submissions will be provided to the Independent Expert and the other party no later than 10 Business Days after the referral of the matter to the Independent Expert.
- (e) Either party may submit a written response to the other party's written submissions within 15 Business Days of the referral.
- (f) The Independent Expert may call for further submissions, documents or information from either or both parties and/or may call a private conference between the parties (and, if they wish, their legal advisors).
- (g) The Independent Expert will decide how any conference is conducted as well as any other procedures or timeframes needed to resolve the Dispute.
- (h) In reaching a determination, the Independent Expert will have regard to the parties' written and oral submissions and the relevant terms of this Agreement and/or any Contract Document. The Independent Expert may also:
 - (i) rely on his or her own knowledge, skill and experience in relation to the matter in Dispute;
 - (ii) review and revise any opinion, instruction, determination or decision given or made under this Agreement and/or any Contract Document;
 - (iii) make his or her own enquiries without consulting the parties; and
 - (iv) after consulting with the parties, commission his or her own advisors or consultants.
- (i) In making his or her determination, the Independent Expert is not required to observe the rules of evidence.
- (j) The Independent Expert will act as an expert and not an arbitrator and his or her determination will be final and binding on the parties, unless there is some manifest error.
- (k) The parties will implement the determination in accordance with the Independent Expert's directions.

- (l) The Independent Expert must treat all information disclosed to him or her as confidential and will not disclose it to anyone other than to resolve the Dispute. All such information remains the property of the disclosing party.
- (m) Unless the Independent Expert orders otherwise, each party will meet its own costs in connection with resolution of the Dispute and the Independent Expert’s and other costs will be borne equally.
- (n) The Independent Expert will not be liable to the parties in relation to the Expert Determination, except in the case of fraud or bad faith.
