Key Priorities

Priority 1: Demand

Build intergenerational Pacific wealth through home ownership

- Enhance Pacific peoples' capability to manage their finances and save towards home ownership.
- Create pathways towards home ownership through financial capability programmes and progressive home ownership schemes, such as shared equity and rent to buy.

Priority 2: Supply

Build affordable, quality, healthy, fit-for-purpose homes for Pacific peoples

- Increase the supply of affordable, quality homes that meets the needs of Pacific peoples.
- Develop partnerships with Pacific churches, housing trusts, private developers, iwi and Māori, central and local government and non-governmental organisations (NGOs) to provide secure housing opportunities for Pacific peoples.

Priority 3: Pacific housing sector

Develop and grow the Pacific housing sector

- Support Pacific organisations to deliver housing, and tailored, ongoing services to Pacific peoples across the housing continuum.
- Increase capability and capacity of Pacific housing providers to help Pacific peoples work toward home ownership.

Priority 4: Housing system

Influence and strengthen the housing system to improve housing outcomes for Pacific peoples

- Support the Government, iwi and Māori, NGOs and community groups to deliver housing solutions that are tailored to the needs of Pacific peoples.
- Embed enduring and effective collaboration across the housing system to prioritise and support Pacific peoples in their housing journey.
- Strengthen Pacific cultural capability across the housing system.
- Improve the experience and transition of Pacific peoples across the housing continuum.

Outcomes

- A joined-up, well-functioning and culturally responsive housing system
- A strong Pacific housing sector supporting Pacific peoples across the housing continuum
