## Community Housing Providers

From 2014 registered Community Housing Providers (CHPs) became eligible to receive the Income Related Rent Subsidy (IRRS) for tenants.

CHPs are registered, regulated and monitored by the Community Housing Regulatory Authority.

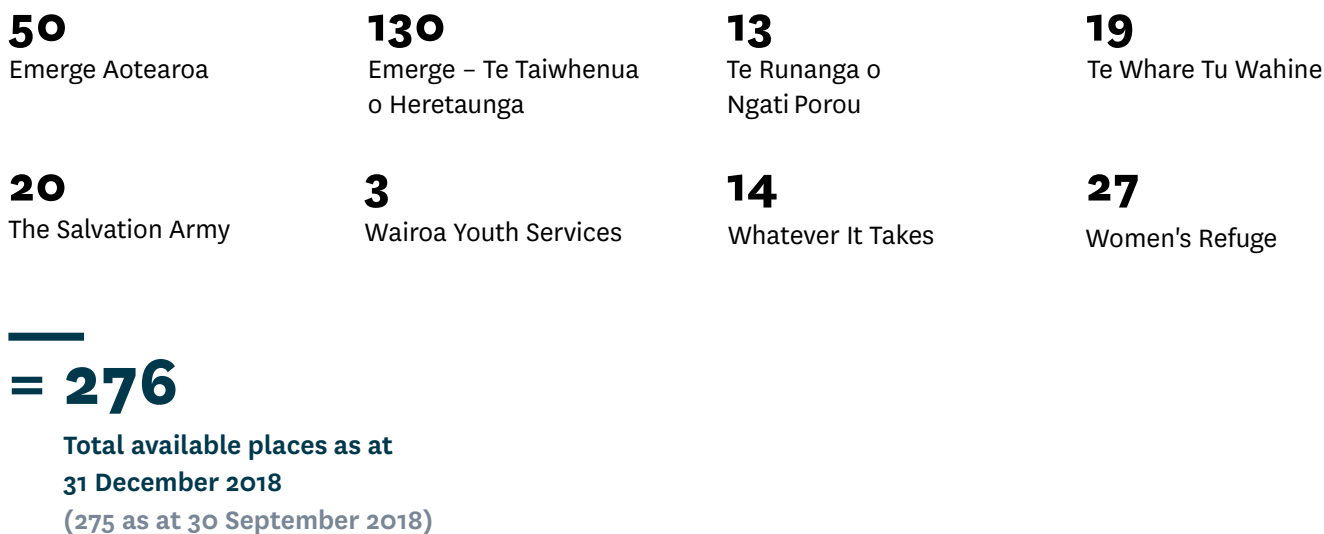

## Transitional Housing

Transitional housing provides warm, dry and safe short-term accommodation for people in need, along with tailored social support while they're there. Transitional housing is managed by contracted providers, who are skilled in supporting tenants with a range of social and tenancy-related services, and are also responsible for maintaining the properties.

The transitional housing programme is led by HUD in collaboration with the Ministry of Social Development.

People living in transitional housing pay rent of up to 25% of their income, which is in line with income-related rents for public housing. The balance is subsidised to providers by MSD.

## Housing Support Products

Housing Support Products (HSPs) consist of a range of products designed to assist people to achieve or sustain independence in the private housing market. HSPs help to ensure that those who most need public housing can access it by reducing the number of people on the register, and by helping those who can sustain alternative housing to do so.
